

Imagine
if processing new invoices
was the easiest thing
you did all day

Conterra Financial Information Management

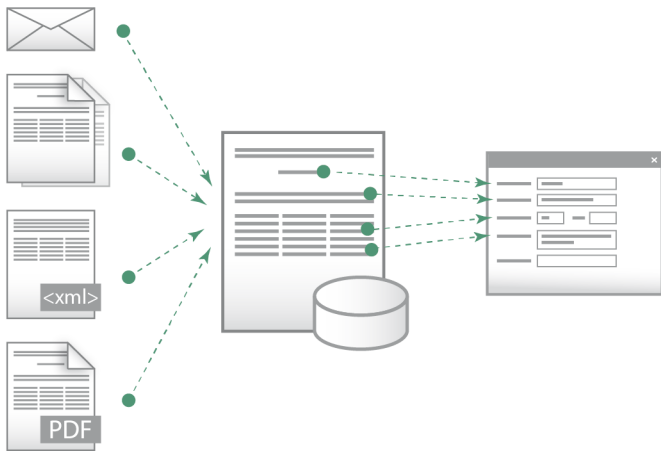

Thanks to Conterra FIM, based on the Conterra Enterprise Content Management (ECM) platform from Orienge, invoices will fly through your approval process with fully integrated automation and intuitively guide you through every step.

Capture

Intelligently capture incoming invoices to minimize manual entry and save documents correctly every time. Thanks to integration with your existing business systems, you enter information once and it is everywhere you need it.

With Conterra FIM, you can save up to 70% of your invoice input operations time

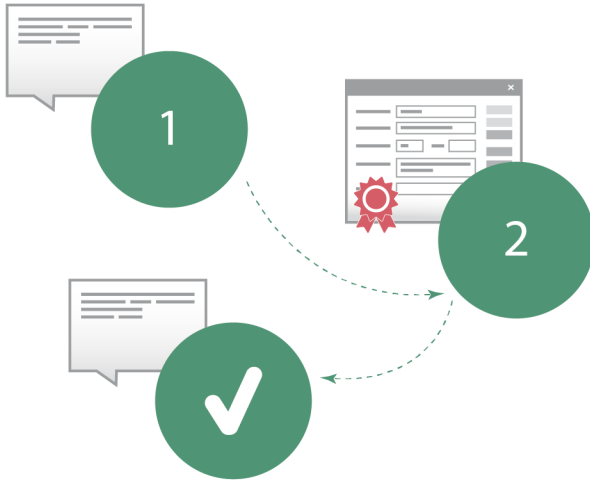

Validate

Conterra FIM recognizes common issues and provides helpful prompts automatically comparing invoices with POs, contracts and budgets to help make your job easier.

Conterra FIM can reduce risks of paying duplicate invoices and invoice losses by at least 80%

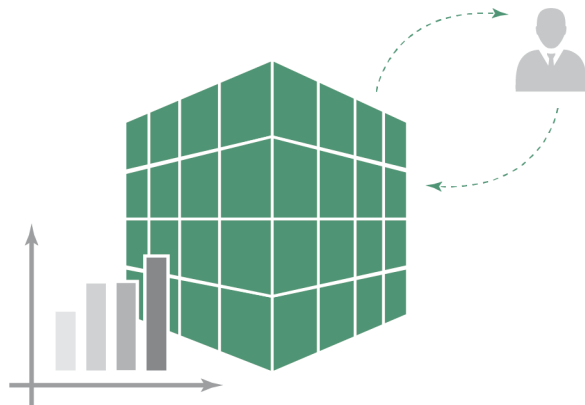

Process

When your approval process is transparent and connected to all relevant information, approval happens faster and the status of pending approvals is in plain view. Invoices get paid on time every time.

Using Conterra FIM, approval processes can become at least 2 times faster and 100% visible

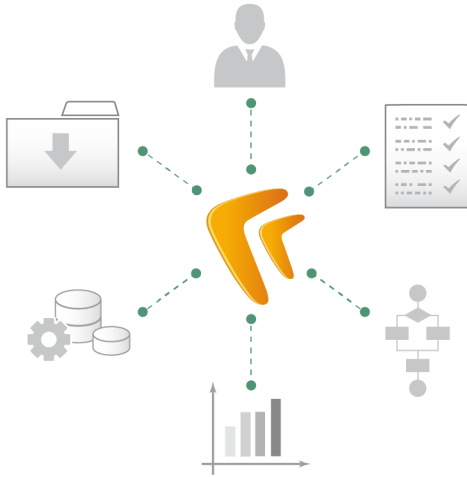

Analyze

Quickly explore invoice approval histories and access up-to-date reports when you need them. You will get ready for audits faster and find invoices easier.

With Conterra FIM, you can search invoices
10 times faster – both invoice image and data

Your process faster, more accurate & more secure

Once Conterra FIM links your systems and information, approval routes stay on track and everything gets done your way with improved speed, accuracy and security.
